As the winter months are upon us, remember that all sidewalks must be kept free of snow and ice.

- Snow must be removed within 24 hours of the end of the snow event. If you are unable to remove the ice, you are required to apply an ice melt, sand or similar abrasive to prevent people from falling.
- It is illegal to throw snow or ice in any public roadway.
- Fire hydrants are also a concern when shoveling snow. Make sure to keep access to them clear at all times.
